

F 70A

FORWARD VIBRATORY PLATE

For compaction of asphalt, sand, gravel, rock fill and paving stones.

All our machine models are versatile and easy to operate. They are also durable and reliable, which means lower operating and maintenance costs.

- The SWEpac F 70A is a compact, lightweight vibratory plate that is easy to maneuver. It also features a 12 liter built in water tank.
- The machine is ideal for compacting small asphalted/paved areas and for repair jobs.
- Ergonomic de-vibrated handle with reduced vibration levels
- It is also good for gravel and sand. With a Vulkollan® plate (accessory) attached to the base, it can compact paved areas efficiently for an even surface.
- The chassis is hot-dip galvanized, which means superior corrosion protection for the integrated water tank as well.
- The Hardox® wear plate in the base ensures a long service life and the bottom plate is specially designed for asphalt applications.

TECHNICAL DATA – SWEpac F 70A

Weight, net	79 kg
Base plate, width x length	530 x 550 mm
Height, max / min	1090 / 870 mm
Length, max / min	1050 / 625 mm
Engine	Honda GX 120
Fuel tank capacity	2.0 liter
Fuel	Unleaded or alkylate petrol
Engine output, max	2.4 kW (3.2 hp)
Centrifugal force	11 kN
Frequency	98 Hz
Working speed	0–25 m/min

Water tank	12 litres
Hand/arm vibrations HAV according to ISO 5349 on gravel surface	3.1 m/s ²
Guaranteed sound-power level, LwA	105 dB(A)
Sound pressure level (at operator's ear), OP	90 dB(A)

PART NUMBER

207510	F 70A with Honda petrol engine
