

FB 240

REVERSIBLE VIBRATORY PLATE

For compaction of sand, gravel, rock fill and paving stones.

All our machine models are versatile and easy to operate. They are also durable and reliable meaning lower operating and maintenance costs.

- The SWEpac FB 240 is a high-performance petrol powered reversible compactor.
- The FB240 has a belt-driven transmission and a fully variable speed control.
- Comes with either joystick or handle control
- The Hardox® base plate ensures a long service life.
- The compact design makes it suitable in trenches and other areas with limited space. With a paving mat (accessory) attached to the base, it compacts paved areas efficiently for an even surface.
- The robust and galvanized protection frame effectively protects the engine against external damage and is equipped with a strong and powerful lifting hook.
- The ergonomics are top class with a deviated handle (HAV < 2,5 m/s²).

TECHNICAL DATA – SWEpac FB 240

Weight, net	217 kg
Operating weight	220 kg
Base plate, width x length	500 x 790 mm
Height, max / min	1200 / 1030 mm
Length, max / min	1530 / 900 mm
Engine	Honda GX 200
Fuel tank capacity	3,1 liter
Fuel	Unleaded or alkylate petrol
Engine output, max	4,3 kW (5,8 hp)
Centrifugal force	38 kN
Frequency	81-83 Hz

Working speed	0-25 m/min
Hand/arm vibrations HAV according to ISO 5349 on gravel surface	< 2,5 m/s ²
Guaranteed sound-power level, LwA	108 dB(A)
Sound pressure level (at operator's ear), OP	91 dB(A)

PART NUMBER

308630	FB 240 Handle control
308750	FB 240 Joystick control

ACCESSORIES

308607	Paving mat with brackets
