

# T65

## RAMMER

### For compaction of sand, gravel and soil with high clay content.

All our machine models are versatile and easy to operate. They are also durable and reliable, which means lower operating and maintenance costs.

- The SWEpac T65 is suitable for repair job sand work in areas with limited space such as trenches and building foundations.
- The machine is very well balanced and easy to operate. That means the T65 is also suitable for minor adjustments in small spaces.
- T65 is an efficient machine in clay and wet materials.
- It is equipped with Honda GXR120 engine, built for tampers. The engine offer lower fuel consumption and a more effective carburetor to handle today's environmental demands as well as making it easy to start and reliable.
- Hour meter is standard for the T65.

#### TECHNICAL DATA – SWEpac T65

Weight, net	65kg
Foot, width x length	280 x 350 mm
Height	1010 mm
Length	730 mm
Wide	355 mm
Engine, model	Honda GXR120
Volume fuel tank	3,5 liter
Fuel	Petrol
Engine power	2,7 kW (3,6 hp)
Vibrations frequency	11-12 Hz
Impact force	17 kN
Compaction depth	0,65 m

Operation speed	10 m/min
Hand/arm vibrations HAV according to ISO 5349 on gravel surface	6,5 m/s <sup>2</sup>
Noise level, LwA	104.6 dB(A)
Noise level at operator, OP	91 dB(A)

#### PART NUMBER

510000	T65 With petrol engine
--------	------------------------

#### ACCESSORIES

510419	Optional foot width 190 mm
510423	Optional foot width 230 mm

SWEpac is Sweden's leading manufacturer of soil compactors. The company has a wide range of products, with different engine alternatives and a variety of sizes for every application. SWEpac is certified for quality and environmental management under ISO 9001 and 14001, and our machines are CE-certified.
