

FBP-HP

FINISHING BEAM PETROL

Finishing Beam Petrol-Handle Premium.

All of our machines are versatile and easy to operate. Designed for heavy-duty and with high reliability. This means low running and maintenance costs.

- Light-weight and easy to manoeuvre engine screed.
- The transmission shaft transmits a horizontal vibration effect.
- Variable vibration frequency.
- Adjustable working angle on the handle provides optimum working comfort.
- Lift handle and engine guard in the same part.
- Smooth aluminum profile, easy to clean.
- The de-vibrated handle rack minimizes handle vibrations.
- Round corners of the profile eliminate the risk of stripes in the concrete.
- Symmetrical profile for dual use.
- Easy attachment of the drive on the profile without tools simplifies the change.

TECHNICAL DATA – SWEpac FBP-HP

Petrol engine	Honda GX35
Power	1,2 kW (1,6hk)
Tank volume	0.7 liter
Centrifugal force	2000 N
Frequency	9000 vib/min
Weight, drive unit	14.5 kg
Aluminium profile	
2 m	8.2 kg
3 m	12.6 kg

4 m	16.8 kg
5 m	21.0 kg

PART NUMBER

4080457	Drive unit
4080458	Profile 2.0 m
4080459	Profile 3.0 m
4080460	Profile 4.0 m
4080461	Profile 5.0 m

Swepac is Sweden's leading manufacturer of soil compactors. The company has a wide range of products, with different motor options and a variety of sizes for every application. Swepac is certified for quality and environmental management under ISO 9001 and 14001, and our machines are Eurotest-certified by SMP Swedish Machinery Testing Institute. You will find detailed information about the company and our products on our website, www.swepac.com. We reserve the right to make changes in technical specifications without prior notice.
